Clear Dressing Rooms

College Teams and guest performers can warm up for performance in Gym #2. Please listen for your cue to be "on deck."

New Technology for Judging

We are excited to continue to offer directors two USB flash drives with the judges comments alongside the video of the performance of all events this year. Each director will receive the flash drives in the results packets. All solos will be on a set of flash drives and can be shared with the students to be able to take home and study along with the judges comments. This new technology will hopefully offer a more effective method of professional feedback for your team.
