

## Information regarding Harvesters fundraiser

During Kansas Spectacular 2010, the Olathe East Talons collected over **\$1750** from teams, spectators and sponsors on behalf of the **relief efforts in Haiti**. To continue this effort and transition to a tradition, the Olathe East Talons have selected **Harvesters – the Community Food Network** as the non-profit organization they would like to support as part of Kansas Spectacular 2011.

**Harvesters** is a food bank that distributes product to more than 550 not-for-profit agencies in both Kansas and Missouri. In lieu of having people bring in canned goods and other food items to the event, we will make this strictly a monetary contribution event in the following ways:

We would like to ask the spectators to bring in their loose change and any other monies they would like to donate.

We would like to challenge the participating teams to also raise money to donate to this organization. The team with the largest contribution for Harvesters will be recognized during the awards portion of our event as well as any publicity that is sent out afterwards. American Dance/Drill Team will offer a **\$300 'grant'** to that team that they can apply to either summer camp or to the Kansas Spectacular 2012 fees.

**American Dance/Drill Team** will be **matching funds** with the Olathe East Talons up to \$350 and challenges other organizations to do the same.

We want to extend our thanks in advance to all the teams who will join the Olathe East Talons in raising money for **Harvesters – the Community Food Network**, an organization who touches so many lives during these challenging times!
