Bus and Spectator Parking and Prop Drop Off Instructions

Directors:

Please share this information to your bus drivers and prop volunteers well in advance of the competition so they can be familiar with the routes.

Please note all performers/dancers must enter through the north entrance in order to check in. (This is considered the "back" of the campus)

Spectators will need to park at the front of the school and enter through main double doors. All spectators must check in through the front of the school.

Buses and Performer and Prop Drop Off

All buses transporting performers to the competition are to enter the campus through Entrance 1 located along the west edge of the campus. The buses are to be parked in the bus parking lot near tennis courts on the north side of the school. The route to the bus parking lot will be clearly marked with signs along Franz Road. The drivers are to park the buses in the striped bus stalls. The performers are to disembark and walk to the covered walkway, which will be directly in front of the buses. The covered walkway will lead the passengers to the north competition entrance. Bus drivers are to park the buses in this lot. **We do not provide a hospitality room for bus drivers.** There are several restaurants and shopping sites nearby for them to enjoy throughout the day.

There will not be any loading or unloading of buses along the front of the school.

Performers that are being brought to the competition in passenger vehicles are to be dropped off at the north entrance to the school (the back of the campus) After dropping off the performers, the drivers must park their vehicles in the south parking lots (front of school) **Passenger vehicles cannot park in the bus parking lot**

If props are to be dropped off please enter the drop off zone as shown on the drawing and follow the guidance of the ground crew that will be at the prop drop off lot entrance. Please bring an adequate number of people to the unloading zone so the props can be unloaded quickly allowing the bus or truck to move away from the unloading area. Sidewalks are available from the drop off lot to the entrance of the prop room in the event furniture dollies or something similar is needed to move your props.

People accompanying the props will be permitted into the prop storage area for delivery of the props to the team's storage area.

Spectators

Spectators coming to the competition that do not need to drop off performers and/or props are to proceed directly to the spectator parking areas at the front of the campus.

If you are a visual person please enjoy our obnoxiously color coded diagram on the next page 😊
