

A Drill Team's Garden

by GUSSIE NELL DAVIS

First, you plant four rows of peas: **PRESENCE**, **PROMPTNESS**, **PERSERVERENCE** and **PREPARATION**.

Next to these, plant three rows of squash: **SQUASH** gossip, **SQUASH** indifference, **SQUASH** criticism.

Then, plant four rows of lettuce: **LET US** be true to our obligations. **LET US** be faithful to duty. **LET US** be loyal and unselfish. **LET US** love one another.

No garden is complete without turnips: **TURN UP** for meetings. **TURN UP** with a smile. **TURN UP** with new ideas. **TURN UP** with determination to make everything count for something good and worthwhile.
