Greetings everyone,
It is hard to believe that September has flown by and we are almost into October. I saw where parts of the country got enough snow to entertain the snow boarders. Unbelievable! I thought we might be finished with 90° days but we will have perhaps the last one today. I hope it is cool and pleasant where you are.

Here are some thoughts for today and everyday:

The Harmonious Balance

“I have been through a lot and I have suffered a great deal. But, I have had lots of happy moments, as well. Every moment one lives is different from the other. The good, the bad, hardship, the joy, the tragedy, love and happiness are all interwoven into one single, indescribable whole that is called *LIFE*. You cannot separate the good from the bad. And, perhaps there is no need to do so, either.”

Jacqueline Kennedy Onassis

(1929-1994) U.S. First Lady
